End of Description

The above description containing approximately 29,245 acres utilizes the Camp Rock Mine, Newberry Springs, Silver Bell Mine, and Troy Lake 7.5 minute quadrangle maps prepared by the USGS. The boundary calls listed herein are in part a result of scaling distances from said quad maps and are not a result of survey. All courses have been depicted upon the above mentioned quad maps and are made a part of this official record. Acreage is calculated from the BLM California State Office ArcInfo wilderness coverage.

I hereby certify the legal description and map herewith represent the location of the boundary of the Rodman Mountains Wilderness area designated by the California Desert Protection Act, Public Law 103-433, dated October 31, 1994.
